

## Sample Will Wording

### St. Joseph's Healthcare Foundation Hamilton

A future contribution established by naming St. Joseph's Healthcare Foundation in one's Will or through an estate plan is a meaningful way to ensure that compassionate, innovative care for which St. Joe's is known, will be sustained for generations to come for the benefit of our community and beyond.

An estate gift may be designated to a priority project or program at St. Joseph's Healthcare Hamilton, or unrestricted to support the greatest needs at the Hospital at the time the estate is realized.

#### Sample Will Wording

"To give to St. Joseph's Healthcare Foundation Hamilton \$\_\_\_\_ (an outright amount) or \_\_\_\_ % (a percentage) of the residue of my estate to support \_\_\_\_\_ (Hospital priority\*) or the greatest area of need at St. Joseph's Healthcare Hamilton."

*\*Hospital priorities at present include capital equipment needs, redevelopment projects, research, and priority programs, such as Mental Health and Addictions.*

#### Recognition

It is my wish that an appropriate naming opportunity at the Hospital be provided for my donation, in accordance with St. Joseph's Healthcare Foundation's donor recognition policies and procedures at the time the estate gift is realized, and subject to final approval by St. Joseph's Healthcare Hamilton.
